

Support the Boys' Backyard 2

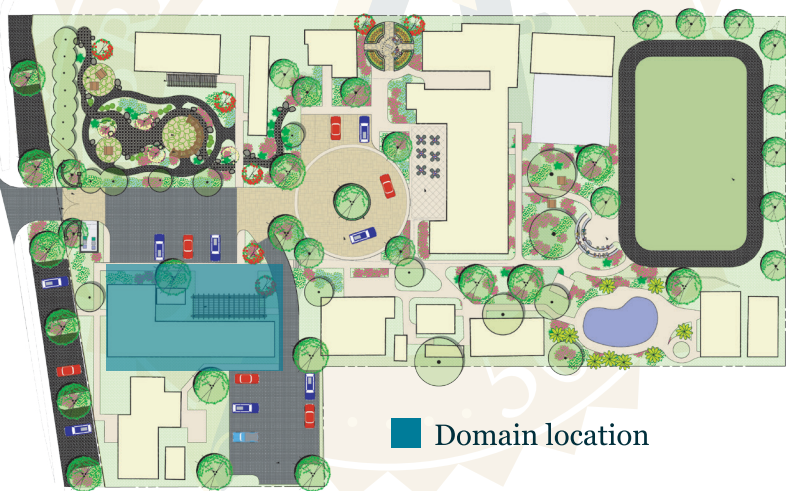

Boys' Backyard 2 domain components:

- Demolishing existing vegetation and grading
- Installing slated pillars at the entry
- Upgrading windows and doors
- Painting and installing new siding
- Creating concrete walks
- Planting shrubs and ground covers
- Planting 5 mature trees (24" box)
- Installing new irrigation
- Value: \$80,000

A Home That Says 'You Matter'

One of two buildings on the campus which provide housing for youth in-residence, Residential Building 2 will receive a facelift comprised of fresh exterior paint and new windows. Improving both the aesthetics and the energy efficiency of the buildings, the update will ensure these buildings provide a well-maintained and welcoming home environment for the boys living on-site. The building surroundings will be enhanced by safe walking paths and drought-resistant shade trees and shrubs.
